

I LOVE
you

Roses are red
Violets are blue
Hopefully I am
The best book for you

Here I am, I just can't wait
For you to turn my pages
I'm sure that we'll turn out
to be
The best of friends for ages

The one that you've been
looking for
I'm certain that I will not bore
So open me this Valentine
And I'll be yours as you are
mine

I know that there are lots of
books
That you could choose to love
I'm hoping that you love me
too
And don't give me the shove

When I see you
My knees go weak
I might just be
The book you seek

Here I am, a book for you
We finally can meet
So let me fill your heart with
joy
And whisk you off your feet

I just might be the book you
seek
So show me some affection
I am the perfect book for you
To add to your collection

My love for you will grow and
grow
I hope you feel the same
And when I'm back upon the
shelf
You'll read me once again
